Learn To Read Bulgarian In 5 Days

Synopsis

Learning to read a language with a foreign alphabet can be an intimidating challenge. Even before you can start to study the vocabulary and grammar, you must first decipher this strange new script. But learning a new alphabet does not have to be so difficult. Other language courses start by showing a table of the alphabet and then immediately proceed to dialogues and grammatical descriptions. This is not the ideal way to teach a foreign alphabet, and this approach causes many students to get frustrated and give up before they start. Instead of that approach, *Learn to Read Bulgarian in 5 Days* teaches each letter of the Bulgarian alphabet in a systematic way while providing enough practice along the way to ensure the student learns the entire alphabet. With this system you will be able to read the Bulgarian alphabet in only 5 days or less! In addition to the alphabet, this course teaches more than 150 real Bulgarian words that were carefully selected to be of maximum benefit to beginning language students. These are the words that you need right away. Download a copy of *Learn to Read Bulgarian in 5 Days* today and start to enjoy the language and culture of Bulgaria in a way that only reading the language makes possible.

Book Information

File Size: 376 KB
