201 Relationship Questions: The Couple's Guide To Building Trust And Emotional Intimacy

Synopsis

Do You Experience Deep Love and Intimacy In Your Relationship? Wouldn't it be great to have a relationship counselor on call to help you and your love partner have the most joyful, loving relationship possible? What if you had someone who knew exactly what to ask to draw out your deepest desires and help you calmly navigate areas of pain or conflict? Having a coach is wonderful, but if you know the right questions to ask one another, you can start right now building the relationship you both desire. The Power of Questions For Couples Mutual questioning is a powerful technique to draw out deeper emotions and desires and address potential areas of conflict before they disrupt your closeness. The right questions inspire understanding, compassion and action for positive change. Questions like: What does unconditional love mean to you? Do I do anything to make you feel disrespected? How can I listen to you better so you feel completely heard? What should I never say to you, even in anger? How can I make you feel more desirable and sexy? Take Control: How Relationship Questions Can Change Your Life When you and your partner embark on a mutual questioning journey, you are committing to an intimate, satisfying, joyful life together. Rather than waiting for conflict and resentment to inflict a surprise attack, you're proactively addressing the needs and wounds both of you carry and reinforcing your commitment to the relationship above all else. This journey will be enlightening, fun, and sometimes challenging -- but the rewards are immeasurable, as you lay the groundwork for a lifetime of happiness together. **DOWNLOAD::** 201 Relationship Questions: The Couple's Guide to Building Trust and Emotional Intimacy 201 Relationship Questions is your guide to creating a happier, healthier, sexier, and more intimate connection. This book really helped my partner and I with our communication. We had been to counseling twice and were at the point of calling it quits after a decade of hurt feelings and anger and disappointments. This book was a last ditch effort. It worked and it helped us listen to each other. At the beginning, we skipped some of the questions that were hot buttons for us and answered the easy ones to get into the groove. Some of the questions we actually sat and wrote each other letters to answer. Then we gave it a few days for the other to read and think about before we talked. That helped. So did keeping an open mind that we may have both been out of line and down right wrong at times. Definitely worth the money

Good good...gives questions to learn about your partner like a counselor would have so people don't have to have conflict and can resolve issues in a kind/thoughtful way. It is interesting to read. It may help couples avoid hard times due to lack of communication on these topics.

I can't wait to work on these questions with my partner. I feel we will learn so much about each other on a deeper level and it will build strength and trust between us. Great book!

I should have read these before my break up

My boyfriend and I really enjoy this book. Some questions are easy and we may know each other answers. Some do cause little arguments or disagreement between us but we are able to successfully talk through them and become closer. I highly recommended this book if you want to get to know your partner and yourself better.

good book

Excellent guidebook, full of poignant questions. Every couple can benefit from reading this, as you'll gain a better and deeper understanding of one another.

I really love and enjoy this book. I was looking for something to help improve with the communicating area, this book really helps.
