Customer Reviews

This book was a gift for my adult daughter who expressed an idea using this craft. My attraction to this book was the variety of projects, good color examples as well as a good explanation of the basics. It was more than a child's introduction to the craft with more sophisticated examples. She was very pleased and I would definitely recommend it.

Don't buy this if you are a novice. Very little instructions on this art at the beginning of the book. Many of the projects I thought were in the book were actually just part of a photo gallery in the back of the book. So don't be deceived by this when you "Look Inside." Many "fillers" and out-of-date "kitschy" patterns and a few good patterns. There are some templates in the back of the book that are helpful. All in all I was disappointed. It was not what I thought it would be by looking through the sample pages.

I bought this book specifically for the instruction to Tangled Scarf. Now that I have it, I like every single project in the book. I don't think I own a single other craft book that I can say that about. The Plaid Mittens (not very useful in Florida, unfortunately) look like so much fun to make and wear. Maybe I'll make a set and line them for oven mitts. The Fern Pillow is simple, understated and gorgeous. Right now is the perfect time to try needle felting, with supplies being generally available in craft and sewing stores. This is the book you want to go along with your new supplies.

Received this book in the mail yesterday and Finished 1 project already! Love it and Can't wait to make more of the projects. Instructions are clear and lead you through each step"

This was a very clearly written text with comprehensive explanations, good technique comments and creative project that let you test your learned skilled and have a special product when you are finished ...I would recommend this book to any level craftsmen ...Jack

this is a great book to use your felting techniques.. A lot of information and patterns.

Love it!

Basic and beginning felting book
