Customer Reviews

"The graphics and layout of the chapter was very eye catching making it something that you would want to read." This quote is in reference to Chapter 3, "The World Marketplace: Business Without Borders." "Overall very good coverage of the chapter concepts. Exhibits are very good and help students conceptualize numbers." This quote is in reference to Chapter 9, "Finance: Acquiring & Using Funds to Maximize Value." "I like the explanation and presentation of financial statements. I also like that the key definitions are off to the side of the visuals." The quote is in reference to Chapter 8, "Accounting: Decision Making by the Numbers."

Yes this is a textbook for a class I really didn't want to take BUT I am finding the book interesting and very well written.. the book is easy to navigate and buying it on saved me about \$100 vs school bookstore. I am very happy with my purchase

At first I did not understand why I was having to buy this book and take this class. Now at Chapter 13 and already learned a lot I actually though I knew but did not. It is written towards a very 18ish audience and leans a bit to the left but in the end it has been a good text book that has taught me a lot.

Great book

The book was in great shape.

Decent book, but for me the format is a little bit to childish. I also think the price doesn't go with the content, meaning: it's too expensive for what you actually get from it.

Exactly as described.

I love this book. At the end of the chapter it summarizes all the main concepts. You're also able to go online and take practice quizzes or flip through the interactive ebook.

Used and in perfect shape! Absolutely happy with the product! THANK YOU SO MUCH FOR THE GREAT DEAL AND AWESOME TIMING OF THE DELIVERY
