Customer Reviews

Weighing in at over 500 cards, these are very comprehensive. The cards don't spend an equal amount of time on every subject of Evidence, rather, they apportion more cards to the bigger subjects. Our professor did the same, so it's great to have cards that track the professor in that way.

For example, we spent a lot of time on Hearsay and Character Evidence throughout the semester, and these cards are about 60-70% Hearsay and Character Evidence. These were great to prepare for the final, and there's no question about it they helped me get a decent grade.

Very good product. I've been out of law school for over 10 years and am finding these to be an excellent refresher. I'm also using Questions & Answers: Evidence by LexisNexis.

Even if you aren't a flashcard person, Evidence is a class that hinges on rote memorization. Highly recommended over any written supplement.

Excellent way to learn evidence, one card at a time.

Cards definitely help you review once you're prepared. A lot of the cards try to squeeze too much in too little a space, often stringing text to another card making it impracticable to shuffle the deck.

So far so Good

Exactly what I wanted

I'm two weeks away from my Evidence final and feel much better than I did before I had the cards. They have great explanations and examples. With a subject like Evidence, these are a must have!
