I bought this as a gift for my sister and I'm very pleased with it. The illustrations are lovely and very accurate to how Wills and Kate actually look IRL. Each illustration comes with a descriptive blurb underneath, telling the designer and describing the color, in case you want to color Kate's clothes true to their real life counterparts. I think my sister will really enjoy this and I can't wait to see her reaction when she unwraps it.

The pictures in this book don't look exactly like Kate Middleton but they are really well as well drawn and there are descriptions at the bottom of the pages that tell you what color most of the outfits are supposed to be . I really had fun coloring in the pictures inside this book because I like Kate a lot and there are decent amount of pictures to color. There's a lot of detail in the pictures as well. If you like the way the cover looks then you will enjoy the rest of the book . All of the pages have at least as much detail as the cover. Almost every picture is of Kate by herself but there are also a couple that feature William and one or two that feature her children. If you love Kate, then you should buy this coloring book it's a good piece of memorabilia as well as a great coloring book . I loved it and I'm sure you will too.

You know you're a rock star when they make paper dolls and coloring books about you! Well drawn and brilliant for the Anglophile and royal watcher.

A nice coloring book with large, well drawn pictures, however, the pictures are on the backs of each other, and even with markers that are generally non-bleed through I did have some problems with bleed through. However, it was a fun book. I enjoyed coloring the fashions and I even made up pithy dialog for Kate and William to go with the pictures. Children eight and up, as well as adults, would probably enjoy coloring this book.

I bought this as a gift for someone who loves all things Royal. I had it sent to me and looked through the book and the pictures were very nice. Each one told who the designer of each dress was and what color it is. It's a great gift for someone who loves the Royal family or for yourself.

Very nice white pages so the color will pop. I just wish there were more scenes with Kate and her baby!

Good pictures for both children and adults. Not difficult to color. My granddaughter is 8 and a big fan

of the Dutchess. She loves this book.

This was a gift for my ADULT friend who is a big Kate fan. She loved it. She did have a hard time explaining to her daughter though why the coloring book was only for her.
