Customer Reviews

I purchased this book thinking I had heard everything from Mark Ferguson but there was a lot of important information that will prepare me to flip my first house. I highly recommend this for anyone looking to get into Fix and Flips

I thought real estate investing was out of reach until I read this book. Lots of great advice for the novice.

Great book. Easy read. I have been flipping for 3 years and I am always looking for more knowledge. This book gave me some new strategies and ideas and was also motivating. I am looking forward to getting the rental book as well.

I read all of Mark's post and podcast. I purchased the Fix & Flip Your Way to Financial Freedom. Really have found it informative. Some information a repeat, but good to be reminded, and felt he explained a lot more in-depth of details which I really appreciate. I Hadn't come across them in any other books I've read on the subject. Thank you Mark.

I like Mark's style of writing. Very conversational yet full of great information. There were some really good nuggets in here. I especially like the section on finding a good agent. How do you know you have a good agent? Read chapter 34!

Easy to read, easy to understand. The book answers TONS of questions that all of us have. I bought his other books, and so far they're pretty good. Definitely recommend.

This book was very easy to read and contained lots of answers to my questions on buying houses that need repairs, fixing them up, and then selling them. If you are going to fix and flip definitely read this book.

The author guides you through a risky process and allows you to learn from his and others mistakes. Well written engaging content keeps you reading through well detailed subject matter. A must have for anyone thinking of purchasing a property.
