# The Cat Behavior Answer Book: Practical Insights & Proven Solutions For Your Feline Questions

## Synopsis

Cats are lovable, funny, attentive listeners, and wonderfully cuddly. They can also be tenacious, persnickety, and maddeningly aloof. Arden Moore explains the mysteries behind your feline friend's thoughts and actions, from that inexplicable fascination with catnip to kneading blankets, chasing mice, and dozens of other complexities of cat behavior. With a handle on what's behind your cat's quirky personality, you'll be able to maximize quality time with the fuzziest member of the family.

I am a certified cat behaviorist and found this book to be another great supplement to my book shelf in addition to *Cat Wise* by Pam Johnson. I like that it is so small of a book because it makes it portable and easy to carry around. This book has a lot of great questions and answers in it which even surprised me. I feel that the question and answer format is more conversational and better at teaching us things rather than simply reading tip and tricks. I really recommend this book to people who want to better understand their cat or enter the cat behavior field.

Very informative, i've read many books and articles on cats and was very wary about getting this. I figured this would have the typical things you know about cats but it has lots of facts and behavior tips that i have never heard of before. I would highly recommend this book, even for cat experts out there. :)

If you've had a feline furpanion for a few years and have paid attention to him/her/them you probably won't find any thunderclap revelations here. It's a little disorganized as far as trying to locate specific information and the 'cutesy' and punny titles and phrases get irritating after awhile. All that said it is definitely recommended reading for anyone thinking about adding a feline to the family and anyone struggling with a furry friend's erratic, unexpected, dangerous, or unhygienic behavior.

I bought this for a friend for her birthday because I already have a copy and really like it. Don't worry, you'll find info in here that you didn't know previously.

Great book on cat behavior. Highly recommended.

Very good infor

gift

I thought I knew a lot about cats ... WRONG. This book offers amazing insight into a cat's behavior. I enjoyed it immensely. I have no doubt I will refer to it often. Very smart purchase!!
