Homemade Humble Pie: And Other Slices Of Life

Synopsis

From Philip Gulley to Chicken Soup books, short stories are everywhere! And readers can't get enough. In *Homemade Humble Pie* Annette Smith offers a collection of 26 heartwarming and wonderfully quirky stories about fictional characters we all seem to know. She dips into her experience as a friend and neighbor to cook up slice-of-life tales about people of all ages and walks of life. Smith's book introduces readers to an array of interesting characters--an elderly couple deeply committed to each other, newlyweds who argue about the mail, three-year-old twins who embarrass their mother, a church volunteer in a bind, and more. The stories, some sensitive, some humorous, are written to help readers see the beauty and joy in everyday experiences and appreciate the people in their lives. *Homemade Humble Pie* makes a great gift, too. Once readers encounter these charming characters, they will want to share the stories with a friend.

Whimsical and down to earth. Each small story illustrates a truth or principal. This is a very good

read! Enjoy!

You have most likely read many short stories of life and people in the past. We all can relate to them and enjoy them immensely. But this little book goes much farther. With each story, she also gives scripture which goes along with what she has shared. So you are doubly blessed. It was a joy to read with a special spiritual blessing to remind you Who makes life so wonderful.

What a delight it was to read this one by Annette Smith. She kept me laughing with the characters she developed. I almost wished I could visit to meet everyone. The verses at the end of the chapter were great for thinking about life happenings in Biblical terms. This one is on my recommend to friends list and I will look for more by this author.

This is an absolute must read! I loved everything about this book! The stories, the lives of the people in this book, and the scriptures at the end of each chapter. This rating deserves a 10 star rating instead of a five!

I don't usually read short stories, but this collection made me glad I got this book. It was entertaining, funny, heartfelt, and brought back some good memories to me. In future, I will not be so quick to dismiss short stories, especially if they are written by Annette Smith.

Loved reading all these short stories!!! With each story being so different, reading thru each one was a true delight !!!

Perfect book to keep with you for when you might have a wait. The short stories are engaging and often humorous in a light hearted and comfortable way.

A really nice book with short stories about different aspects of life. It was good to be able to read it now and then instead of having to read straight through the book.
