"Toss your preconceptions overboard and jump on a wild tour of 'No-way!' sexual customs, LOL gender switcheroos, and plenty of eye-popping moments. This is the world's weirdest and funniest reality show. But it's more. It's fascinating and smart, and all true. It will give you a new way of looking at the world. And when you feel your most bizarre, it offers a comforting lesson: You're not alone! There's a place in this world for everyone." - Richard Bangs, often called "the father of modern adventure travel," led "firsts" in travel worldwide, writes for HuffingtonPost.com, produces and hosts the national public TV series "Richard Bangs' Adventures with Purpose." He blogs on "Quests: Keep the Quest Alive" <http://www.richardbangs.com/> "It's a scientific fact! Women have

better orgasms with funny partners. Read this hilarious book and you'll have more and better sex, happier relationships and a healthier libido! Quote it to friends and you'll never be lonely. And if your lover/boss/parent/spouse catches you doubled over, gasping with laughter, just look superior and say you've taken up anthropology.

“From its first pages, *Sex Rules! Astonishing Sexual Practices and Gender Roles Around the World* opens a door onto a page-turning world rich with variety, humor and unexpected twists of sexual practices around the world. It's fresh, intriguing and of course titillating. But it's also thought-provoking and timely. We in the Western world have locked sex into norms only now being challenged on so many levels. This book looks at diverse world cultures and their “acceptable” sexual practice is fascinating, often funny in the telling, and deeply surprising. I highly recommend J. Brodman's book to anyone with a hunger to delve into rarely seen corners of the world, enjoy a good laugh, and learn from a trained scholar as she takes you on this journey that reveals Sex Rules in all their staggering variety.

“The world needs more laughs, more fun, wider caring and understanding. Enter, this book. Yes, it's very funny, but it's so much more. Stunning facts about intriguing cultures you didn't even know exist -- and may not much longer.

“Weird” cultures that give insights into our own. The author clearly likes and respects these folks, who seem strange from our POV but have their own logic. She tackles sexism, dogmatism, and intolerance with that powerful force: marvelous humor.

Her aim is to delight people who reject the notion that "there's only one way to be sexually moral," and to give tolerance a fun place to grow.
