Customer Reviews

I was confused by all the guidebook offerings; I wanted something with a lot more detail about Buenos Aires. This "book" concentrated on social life, eating, drinking, shopping. We wanted historical, cultural & artistic/museum details. So we will end up buying a different lonely planet guide. I did not find this helpful at all; sorry.

This is a pocket sized book with a pull out map that shows how to get around. All the listings show bus and train connections. Also included are tango palaces and the more casual milongas, along with restaurant recommendations.
