## Customer Reviews

Yes it met my expectations. The techniques pretty much work right away. You can literally get the guy to say anything you want him to say lol. I love having this power!! If only I had known this in high school, I may have went to the prom lol

I tried this on a man I have loved all my life . I hadn't talked to him in 3 months after we had a falling out. About 30 minutes after the exercise , he texted me !!!! Quantum physics, truly amazing !!!! Lanie is so fun too , I just love her sense of humor ! Best relationship book out there!!!

What an incredible book... Lanie Stevens was so kind and nice to contact me by email to help me reach my goals.. The key is to be consistent every day!!! I do it every day in the morning, when I get home from work and night.... I swear it works.. GENIUS

I couldn't believe myself, but once I tried it, I cannot stop. It's addictiong and not to mention,

completely working. Just believe, ladies :)

My man left me for another woman a few months back because we have been in a long distance relationship and he was frustrated with not being able to find a job so he stepped out of the relationship and was moving on without telling me about it. I used the first technique and it took a few times before I got the hang of it but he started to contact me I didn't answer the phone but I still used the technique and it's been driving him mad with desire for me. This is from the same man who a few months ago told me to move on with my life. Now he's begging to be in my life. Next I will use the technique to attract a job for him in the same city as me.

I'm still kind of stunned at the results I got when I tried it. I was wanting to meet my beautiful man at a restaurant that we had met at before and amazingly, he texted me that evening and said "Guess what, I'm at so and so". I was just flabbergasted.

So many women give up their own lives and desire to be "taken care of", or to satisfy. It was the norm in the past, but some still follow that thinking. I don't see this as manipulation, but as great advice to love your partner, but don't give up your whole self, wants/desires and talents to do so. Wish this was around when I was much younger. That is something I can attest to is spot on!

this may very well have just saved my marriage. Lanie's advice is concise, simple and effective. At the time of purchase, I was so desperate for anything, that I allowed myself to consider things that are a little bit out of my comfort zone. I am so happy that I was open to trying her tips; I absolutely see the impact they are making in just the first week.
