This would be 5 stars except for the fact that I had to purchase 2 of these in order to do the activities. There should be blank pages for pages that require you to cut the page. You shouldn't have to make duplicates of the whole book!

We have a home church and these books are great for our 2 and 4 years old. It has been fun going through each one and focusing on different aspects of who God is and who we are in God. The

coloring and song pages are great and the memory verses are just enough for them to remember.

I Love this curriculum. Each chapter is enough for two lessons. The activity pages are age appropriate. I put each page in a binder and covered a sample of each finished page or project with contact paper. This will get many years of use.

Ok
