Customer Reviews

There is so much information that I never knew while reading the Book of Mormon. I highly recommend this to everyone, especially those who want to understand the Book of Mormon better than what they want to find on the surface. Though it doesn't replace diligent prayer, studying, and fasting, you will find many answers you are looking for in this book. My wife is a convert to the church, so using this book as well as the others (there are 3 total for the Book of Mormon) has blessed her understanding considerably. --This has helped me understand the Book of Mormon in a completely new way, and I feel so grateful to have found these books. I love what I am learning. My children are also enjoying it. Even though they are young, I read it aloud to them and I know that the notes and commentaries are helpful for them. --These books are so insightful, my family is learning a lot from them. David Ridges has an immense knowledge of ancient history and inspired meaning. --

David J. Ridges taught for the Church Educational System for thirty-five years and is in his

twenty-fifth year of teaching at BYU Campus Education Week. He has taught adult religion classes and Know Your Religion classes for BYU Continuing Education for many years. He has served as a curriculum writer for the Sunday School, as well as for the seminaries and institutes of religion of the Church. He has served in many callings in the Church, including gospel doctrine teacher, bishop, stake president, and patriarch. He and Sister Ridges served a full-time eighteen month mission, training senior CES missionaries and helping coordinate their assignments throughout the world. He is currently serving as the executive secretary for the Sunday School general presidency of the Church. Brother Ridges and his wife, Janette, are the parents of six sons and daughters and make their home in Springville, Utah.

My wife is a convert to the church, so using this book as well as the others (there are 3 total for the Book of Mormon) has blessed her understanding considerably.

Wonderful book. I highly recommend this book for everyone. A former Bishop in my ward uses the collection for lessons and studies. I have given it as gifts to family and new converts

I am currently on part II and enjoying it. I have learned so much more with part I and part II than I ever have reading the Book of Mormon. When telling my friends about it, I say it is like Book of Mormon for Dummies. EXCELLENT! I am excited to get to part III

The book came recommended by a friend. My wife wanted it and loves it. It is well laid out, concise and the author comments scripture by scripture. It provides an excellent context when studying.

I teach Gospel Doctrine, and this book (and the whole series) makes my calling so much easier. I recommend to use this for your personal study as well.

Great book, really helps break down the scriptures and explain history.

It is an awesome book. I enjoy reading them a lot and they give a better understanding of the

scriptures and how it all relates.

Thank you, the book is in great condition.
