Women Across Cultures: A Global Perspective

Synopsis

Women Across Cultures examines contemporary women's issues and empowerment from a global perspective. Gender inequality is examined as a historical, sociocultural phenomenon within the context of interlocking systems of inequality such as racism, colonialism, and economic injustice. A strong emphasis is given to the variety of approaches and actions women take to promote gender equality and to influence women's progress. The influence of intersectional and contextual factors on women's issues, activism, and movements are a key focus. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect[®] is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook[®] - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here: <http://www.mheducation.com/highered/platforms/connect/training-support-students.html>

Customer Reviews

Bought for school, decent to read

Smooth read...greatly enlightened me on the very brutal patriarchal system that is existing in many governments and societies around the globe. Even if you're not a college student, I would suggest you read this. Burn did a spectacular job at developing an impeccable flow throughout this work.

I had to purchase this book for my Women in Other Cultures classes at ASU, and I quickly found that it does not read like a textbook. It's a very easy and fast read, and it provide lots of statistics to help visualize facts about women around the world.

I used this book for several sociology courses, women studies courses and public health courses. There's so much information that spans across many fields of academia. It's well written, making it very easy to understand the concepts that are introduced. It's a great reference to have around.

Easy to read and filled with lots of eye opening information. Perfect for my first Women's Studies class.

Good for class

as expected

Great source of information. Book was a little outdated, but for the price, it was sufficient.
