# Champagne Cocktails: Includes Recipes, Quotes, Lore, And A Directory Of The World's Poshest Lounges

## Synopsis

Upon tasting Champagne for the first time, Dom Perignon called out to his assistants, "Come Quickly, I'm Drinking Stars!" So if Champagne is heaven in a glass, why mix it in a cocktail? It's simple: Champagne is the pinnacle of the winemaker's art, while the cocktail is the crowning jewel of the mixologist's craft. When combined, the result is a beverage unrivaled in decadence, pleasure, and inspiration. Champagne Cocktails proudly presents more than 100 traditional and nouveau concoctions--from Bellini to the Southern Belle to the Mambo King--plus toasts, jokes, and celebrity lore. Also featured are party tips, recipes for complementary foods, a listing of Champagne and sparkling wine producers, and a directory of the world's poshest Champagne lounges. The Champagne connoisseur will toast these finer points of culture and fizziology, while the novice will delight in adding a new sparkle to the day.

## Customer Reviews

The air in your automobile tires exerts a pressure of 28 to 36 pounds per square inch. The bubbles in a bottle of Champagne exert 95 psi. The next time you're feeling stressed, will you go for a drive or pop a cork? If you answered the latter, you're sure to enjoy *Champagne Cocktails* by Anistatia Miller, Jared Brown, and Don Gatterdam. No strangers to the chronicling of the good life, Idaho-based Miller and Brown are the authors of *Shaken Not Stirred: A Celebration of the Martini*; Gatterdam is the Manhattan-based director of custom publishing for the *Wine Spectator* and *Cigar Aficionado* folks. In 114 splashily colorful pages effervescently topped with sparkling quotes and liquid lore, readers and sippers will discover more than 100 recipes combining that jewel of the vintner's art with the craft of the mixologist. Whether you fancy the purity of the Classic Champagne Cocktail--that alliance of sparkling wine and bitters that *Esquire* called one of the Ten Best Cocktails of 1934--or lean to the adventurous Mrs. Beeton's Champagne Cup--the one with the fresh borage sprigs--you'll be won over by this breezy treatise. Garnishing the pages of recipes and bartender's advice (citrus twists dropped in the glass tend to dissipate the bubbles quicker; ingredients should go into the drink in ascending order of expense) are wine wisdom and witticism from such diverse sources as Thackeray and Austin Powers, *Babette's Feast* and *Absolutely Fabulous*. To be fair, some of the potions are pretty funky--one of the ingredients in a Red Ambrosia is Hawaiian Punch, and mixing up a Gloria should allow you to use up that bottle of lychee liqueur you've been saving for just the right occasion. And while there is a short chapter featuring lists of the top sparkling producers worldwide, a concoction such as the "Diabolitan" featuring anisette, gin, and liqueurs of strawberry and pear might be budgetarily better-suited to Cooks than Krug. Yet where else could one discover the difference between a Mimosa and a Buck's Fizz while learning how to shear the neck off a bottle with a cutlass? No matter whether you're pouring a Spanish cava, a German sekt,

or something French, you'll find it in the pages of Champagne Cocktails. --Tony Mason

"As entertaining and unique as the cocktails themselves." -- -- Marvin R. Shanken, editor and publisher, Wine Spectator "This beautifully photographed book is a cool compendium of bubbly-based drinks...Refreshingly informative..." -- -- Market Watch "As entertaining and unique as the cocktails themselves." -- Marvin R. Shanken, editor and publisher, Wine Spectator

This is a neat book, with lots of tidbits and anecdotes joining the recipes. I've been sipping my way through it.

Another fabulous book for Anastasia and Jared. Full of "bubbly" fun and creative "sparkle" this book was also aesthetically gorgeous. Chef Kathy Casey
