This is an anthology and contains many different stories. All of them are well written though some of them don't quite get to me the way I normally expect or want. But this happens in every anthology. Some days I want vanilla ice cream and other days I want peach ice cream. Both are good. I really like "Best of" anthologies because you get a tremendous value for your reading dollar (or yen or pound or euro). My biggest gripe with ALL anthologies is that I wish they would display the year on the cover, i.e., "The Year's (2016) Best Stories". When I am ruler of the known and unknown universe this will be one of the three top items on my Galactic To Do List.
