Customer Reviews

Hunter is the quintessential male and uber Dom. Cady is independent, sassy and drowning in guilt. When she goes to work for Black-Gray, hunter tries to keep her in the office and away from danger. She's not having it. When she ends up in the ER not once but twice, he goes into hyper-protective

mode. Meanwhile there's finally a break in his sister's murder case. Will he finally get answers? He needs to learn to trust Cady as much as he demands that she trust him.

I bought the entire series after reading the first book and was not disappointed. I love when secondary characters get their own story and I already have a few in mind I would like to see get their turn. I enjoy the author's style and find myself feeling part of the storyline, becoming invested in the relationship of the main characters. Looking forward to reading more by this author.

A great storyline with a good plot. Explicit descriptive sex scenes. Light BDSM involving spankings and light bondage. A strong woman heroine who held her own with Hunter who was extra overly protective. I recommend this book.

Cady so tough and closed off finds herself after meeting a stubborn, dominant man named Hunter. Learning to let go of the past they both find love waiting at the end.

This was a good read. Not as great as the first but still good. Needs a proofreader. The characters were believable and well developed. Good job

I love this author and series. I read book one, was ready to search for the next book. Each one book is hard for me to put down. If you are into the Doms and BDSM and want a book with a plot and not just play time. Then you want to read this series.

Love her yummy books!

This storyline followed the first book, just without the first couple being in it (other than a quick lunch in the beginning). It definitely added to the first story, and gave even more depth to most of the secondary characters. There still seems to be that cliffhanger feeling. Hot and erotic sex scenes, and a lot of sass. I enjoyed it!
