Customer Reviews

The 5 stars are highly subjective, since I took the photos for this guide. But since I have seen (nearly) all of the locations portrayed in the guide I can tell you why this particular guide is special: you will find the usual sightseeing suspects without a guide. Just follow the other tourists. This guide shows you some of the top-10 sights but concentrates on places that are equally stunning but far less travelled to. Especially the restaurant and party section shows where the locals go. You won't find that in any other guidebook.
