The Aston Martin Book

Synopsis

Originally published in 2013 to celebrate Aston Martin's 100th anniversary, this stunning photographic tribute to an iconic brand is now available in an attractive, small format edition. In the century since it was founded by Robert Bamford and Lionel Martin on January 13, 1913, Aston Martin has created classic cars that range from the Le Mans-winning DB2 to 2013's Vanquish. As in his bestselling books on the Mercedes 300 SL and the Porsche 911, Rene Staud transforms automobile photography into a sensual experience and The Aston Martin Book allows readers to absorb the aura of a true British classic.

Best Sellers Rank: #200,431 in Books (See Top 100 in Books) #56 in [Books > Engineering & Transportation > Automotive > Classic Cars](#) #59 in [Books > Arts & Photography > Vehicle Pictorials > Automotive](#) #78 in [Books > Engineering & Transportation > Automotive > History](#)

Customer Reviews

Excellent photography. Huge book. My only criticism is that many of the images are spread across 2 pages resulting in an unavoidable seam.

Great book. But the binding between the pages cracked open.. For such a pricey book you'd think they would go back to stitching everything. Not just cheap glue

The vast majority of the pictures were split between two pages, and ruined the image. The prose were rather skimpy, and not particularly informative. Since this then MUST be considered a "picture" book, the format they chose to use was an epic fail.

This is a very heavy and expensive hardcover book. It was packed without any corner protection in

a thin, flimsy, cardboard box, which was ridiculous. As a result it arrived with corner crunch damage. And to answer that poster who wondered what I thought of the book itself, you have your facts all wrong as I am not angry at any "person" in particular. sold me the book and is not a "person". As to the content, it was as expected, a book with pictures of various Aston Martins inside. No big deal as I own many Aston Martin books (as well as a 2011 Aston Martin DB9) and this one is nothing spectacular. It serves as a cocktail table book which sits next to the same publisher's book of Porsches.

As described. Great product.
