Sound (Science Answers) (Science Answers)

Synopsis

What is sound? How does sound move through air and water? Why are some sounds high in pitch and others are low? Investigate the curious world of physical science! Find out for yourself about Sound through experiments that you can do at home. Did you know that some animals hear sounds that you cannot hear? Sound will show you the importance of investigating and understanding the physical world around you. --This text refers to an out of print or unavailable edition of this title.
