# Fantasy Online: Hyperborea: A LitRPG Saga

## Synopsis

Nineteen-year-old Ryuk Matsuzaki and his best friend Tamana decide to start over with new avatars. When Tamana is suddenly killed right in front of him in a Tokyo subway, Ryuk knows there is only one place he can search for answers – Tritania, the world’s most popular online fantasy world. Standing in his way are a mysterious guild known as the Shinigami, and his older brother, a Yakuza crime lord hell-bent on squashing his dreams. As a lowly Ballistics Mage, Ryuk must quickly recruit guild members, level up, loot and shoot his way across Tritania to discover the dark and sinister secret behind Tamana’s untimely death. Joining him in his quest are a famous Swedish gamer, a powerful half-dragon half-human female assassin, and a devious ax-wielding goblin. Get started on this action-packed, coming of age LitRPG saga from the author of The Feedback Loop series now! Be sure to pick up the audiobook narrated by Jeff Hays!

## Customer Reviews

Wow, What else can be said except you want this book! Harmon does an amazing job of starting an

entirely new series from an existing world. The action is phenomenal and the pace extraordinary. Harmon has out fckin done himself!

In the Feedback Loop series, Harmon Cooper introduced us to his vision of a universe populated with virtual worlds. Fantasy Online extends the story to include a whole new cast of characters and adventures. I really enjoyed the way his characters in both the "real" world and the online world interacted, and Cooper further introduces new classes of characters which further blur the distinction between players and NPCs. With some fun connections back to the Feedback Loop characters, Hyperborea is a really fun read that had me at times trying not to laugh out loud. Can't wait for the sequel!

This is one of the few LitRPG novels where I thought the real world storyline was as interesting as the game one. There's an interesting power dynamic between Ryuk and his mob boss brother that's just intriguing. Most of the novel's in game storyline revolves around Ryuk gathering allies, getting cool gear, and leveling up enough to move the main plot forward. Not that that part of the story is boring. Far from it, some of the stories best moments occur in this part. I especially came to like the smart talking goblin NPC, Hiccup, during this part. Through FeeTwix the live streaming heartthrob is also a fun character. Just note that the game storyline of rescuing the main character's friend, Tamana, after she's kidnapped doesn't move forward till about 60% into the story. Then 70% into the story does Ryuk's guild strike back at the guild that kidnapped Tamana. There is also a nice twist ending that I didn't see coming but it's also kind of a cheat. You'll see what I mean when you get there. Overall, I had a good time reading the novel. I thought the story could have gotten back to the main quest of rescuing Tamana a bit sooner but other than that it was good action read. Score: 7 out of 10.

I like it, the twists in the story. The hope building, the devastating moments, makes it an interesting read. The NPCs and how they move worlds. The concept of RPC is truly interesting and even how the NPCs have such awareness. I find it a great concept for a grander story.

The writing style combined with more rpg mechanics made for a truly enjoyable read. Looking forward to the next one!

Great LitRPG with a solid in-game and irl storyline. I just couldn't stop reading it! Looking forward to the next book in this serie as I will buy it! Give this book a try! I did not regret it :-)

The story was great. The tension between brothers was palpable. The action scenes were written well. The comedy was spot on. The story draws you in and the end leaves you gasping with a rebelled yell more more.more. The goodness of the story has touched me deep in my soul or my nether regions I am unsure of which. Does touching your soul leave a gooey puddle? But that's for another day and another chlorox wipe. The story was awesome and it will definitely entertain. For those returning to Cooper's world's there are plenty of Easter eggs pointing to his other works.

Ehhhh. Main character was rather whiny. The Goblin was by far the best character, though Feetwix wasn't too shabby either.
