### Synopsis

A full-color guide to fortune-telling with the Lenormand oracle  $\hat{A}\phi\hat{a} - \hat{A}\phi$  Explores the meanings of the 36 Lenormand cards and their playing card insets to help build a resourceful, interpretative vocabulary  $\tilde{A}\phi \hat{a} - \hat{A}\phi$  Provides instructions for many spreads, starting with 3 or 5 cards and building to the Grand Tableau spread, which uses all 36 cards  $\tilde{A}\phi \hat{a} - \hat{A}\phi \hat{a} + \hat{a} \hat{b} \hat{b} \hat{c}$  and full-color throughout  $\hat{A}\phi\hat{a} - \hat{A}\phi$  Reveals the origins of the Lenormand oracle from both coffee-ground symbols and playing card cartomancy More than 200 years old, the 36 Lenormand cards are an oracle combining standard playing cards with images from the everyday world, such as key, book, animals, and flowers. Their simple, predictive, and non-esoteric nature opens the realm of fortune-telling to all, offering a traditional cartomantic divination where card combinations fuse together to give clear answers. In this complete guide to Lenormand card reading, Caitl $\tilde{A}f\hat{A}$ - n Matthews explains the multiple meanings for each card, providing keywords so the reader can guickly build an interpretive vocabulary for Lenormand fortune-telling. She details how to lay spreads, starting with 3 or 5 cards and building to the Grand Tableau spread, which uses all 36 cards. She explores the significance of the playing card pips and suits on each card and how cards combine to create a variety of meanings. Matthews enables readers to learn the Lenormand card keywords so they can both read for themselves and express their interpretations to clients. Providing real case histories for readers to interpret, she also includes self-tests and practice exercises with answers to check at the end of the book. In addition to her comprehensive practical introduction to the Lenormand oracle, Matthews delves deeply into the history of cartomancy to reveal the mythic blueprint that underlies this simple deck, the key to which lies not in their imagery but in their connection to playing cards.

She is both a scholar and a shaman/magician, and at the highest level of both. Whether describing the symbols and techniques or the deeper levels of cartomancy, she is warm, witty, and always clear. This book is above all useful, especially in its exploration of the playing card symbols in the corners of the cards and the ways the Lenormand deck can open to deeper, even archetypal meanings without abandoning the tradition. I have read just about every English language book on Lenormand. I like the set-up of this book the best. It is well worth getting.

This is the best Lenormand book I have read so far! Very informative and, unlike the other Lenormand books out there, it does not seem like it was rushed. You can tell that Caitlin Matthews put a lot of research and time into this Handbook. This and "The Essential Lenormand" are a must for anyone wanting to learn the cards.
