Galicia (University Of Wales Press - Histories Of Wales)

Synopsis

Galicia is a region in north-west Spain, with a population under three million people. This study provides an introduction to the landmarks of its history, from pre-history to 2005. It also details the controversies and debates linked to Galicia's development, and points out connections between Galicia and Spain, Europe and the Atlantic world.

Customer Reviews

Dr. Sharif Gemie is Deputy Director of the Centre of Border Studies, University of Glamorgan.

This was not the quick over view easy to read book I was hoping for. It's full of details and in depth information. I was merely looking for something to prepare me before moving to Galicia but this reads more like a text book.

This book will take you from "What is a Galicia?" to you want to move there and be a part of real history. It goes from ancient history to near present and looks at Galicia a part of a bigger world of Spain and beyond. There are good charts, diagrams, maps, and photos for a visual look at Galicia. And talk about Notes; every chapter is jam packed with useful notes for further reading and better understanding of the subject. If you were to pick only one book on Galicia and the world this would be it. Resist using a highlighter or all your pages will be yellow.
