Kindergarten-Grade 1 — Posey is about to start first grade, and she can't help but feel a little intimidated. Her mom won't be walking her to her classroom, neighborhood boys have terrified her with stories of a first-grade monster, and worst of all she won't be allowed to wear her pink tutu to school. Posey doesn't think she can be brave without it and is more nervous than ever. How will she survive her first day? This is a sweet book, and children will relate to the child's fears about her new experience and leaving her security tutu behind. There's also a confidence-building ending in which the new first graders are encouraged to be true to themselves. The illustrations are spare and in black and white, but they do complement the story. Children will

find this offering a good start for trying chapter books as it is has such an easy reading level. Author of the Sophie Hartley series of middle-grade chapter books, Greene now offers a series for early chapter-book readers. Nervous about starting first grade in the fall, Posey spends the summer wearing the pink tutu that makes her feel special and worrying that this year she must walk into school and down the first-grade hall alone. It doesn't help that her neighbors, Nick and Tyler, love to tease her about the monster and snakes in that hallway. Midway through the book, Posey jabs Nick's arm with a stick to find out whether the monster really turned his blood to ink. The chapter ends there, leaving readers to wonder whether she drew blood, got into trouble, and/or apologized. The next chapter opens with her sympathetic grandfather drawing out her concerns as he drives her to the store for ice cream. Apart from those lingering questions, the story and illustrations offer a satisfying portrayal of Posey and her world. The black-and-white illustrations are appealing, and the sparkly pink tutu on the book jacket will draw just the right audience. Grades K-2. --Carolyn Phelan --This text refers to an out of print or unavailable edition of this title.

Perfect early chapter book for my first grader. She has been a little hesitant about embarking on chapter books, but her reading level tests say that she needs to start moving away from the "I Can Read" books. She read this aloud to me in one sitting. I have ordered several more. The characters and storytelling are great. My daughter could relate to what was going on in the story. I like this better than the June B. Jones books we have attempted because the writing is more proper. June B. is written the way a Kindergartner talks. The phrasing can be clunky and it uses words like "bestest" which is not proper. I know that it's fun, and for reading aloud to her it would probably be fine. But as she is reading, I want it to be more fluid and follow the way she would hear normal conversation and thought. Can't wait for the next ones to arrive. We also enjoy the Owl Diaries series for early chapter reading.

Wanted a series for my rising 1st grade grand daughter, but this isn't it. Yes, children are nasty to siblings and might even pick up a stick to "jab" someone who had teased them. But Posey gets no correction: her grandfather simply replies that she "got him good" after she uses the stick. Not the

princess I want anyone to read about.

My 92 y.o. mother read this to her 3 y.o. great-granddaughter, (who confiscated it before the 5 y.o. got it). I haven't read it, but the just turned three year old LOVED it and sat thru it attentively in only two sessions. Must be a good kid read!!

Great first chapter book. No inappropriate language, words... one possibly inappropriate behavior/incident where the main character pokes a boy who was mercilessly teasing her with a stick. We talked about it, not a problem. Otherwise a really cute book, cute characters, real experiences either way. Posey is likeable to girly girls and tom-boys alike. My daughter is 1st grade homeschooled and I feel at a gr. 1 reading level. She needs a little help with some words/blends we haven't done yet, and this book has definitely introduced her to compound words and conjunctions. She loves reading it... 1 chapter a day is perfect.

Granddaughter loves this book. She has asked for more. Thanks for making reading fun

My daughter is in first grade and has recently become an avid reader. I saw this book on a recommendation by due to some other books I had bought her. So I purchased it and gave it to her for Easter. She quickly devoured it and moved on to book 2 in the series. She liked the story line and it was an easy read for her. Highly recommend!

Was looking for a chapter book for my rather advanced reading 6 year old and these books are just right. She loves them. Good reading practice and easy for her to understand.

Completely hilarious! I actually laughed out loud throughout the book. Adults and children alike will LOVE this! Worth the read!
