STEPHEN COLLUCCI, a.k.a. Mr. Doughnut, is the pastry chef at Colicchio & Sons in New York City. His work has been featured on New York Magazine’s Grub Street and Today.MSNBC.com, and at the New York City Food & Wine Festival.

This is a great cookbook if you are new to doughnut making or baking. The instructions are easy to follow. The results were fantastic. I made the filled doughnut with the caramel pastry cream. I made a dark chocolate frosting instead of the caramel coating. They turned out GREAT! The author starts out with the basic recipes that he uses for raised doughnuts and cake doughnuts leaving plenty of

room to create your own doughnuts with your own fillings and toppings. This will be my go to doughnut cookbook.

This by far the best doughnut book I have found. After reading in his bio that he is the Pastry Chef for Tom Colicchio I knew it would be good. The recipes in this book have exceeded all my expectations. If you want a Glazed Doughnut similar to Krispy Kreme, a delicious Chocolate Cake Doughnut, and/or try something new that you may not have thought of then this is the book for you. I have not found any flaws with the recipes that a little common sense couldn't fix. For instance, I made the glaze for the doughnuts and it was too thick, so I added more milk. If I had one complaint, it would be the recipes don't have weight measurements. But that's just me, I like precision. All in all this is a fantastic book.

Every recipe I've made from this book has been an absolute success. The simple chocolate cake doughnuts are the kids' favorite, but my husband prefers the glazed. Some of the flavor combinations are astonishing, but fun! It's easy to mix and match base recipes with different toppings/sauces/fillings/etc.

Borrowed the book from the library, got about 3 recipes in, and ordered it immediately on . Easily one of my favorite cookbooks ever!

This is a great book from a good pastry chef who made sure his recipes were full proof and worked . I am a Professional Pastry Chef and Bread baker and I think this book is great ! Its good for the home baker, or good inspiration and ideas for Pros. Creative fun ideas and delicious results :) Cheers to to Stephen Collucci for a job well done !

I love this cookbook. This book along with Kamal Grant's are my staple donut cookbooks. Collucci has an incredible recipe for Boston Cremes that get rave reviews every time I make them. If you have kids around, you will definitely be a hero. I enjoy Stephen's take on a basic dough recipe as well. It is definitely worth your time to buy this book if you are into making your own doughnuts.

The donuts in this book are fantastic - for a long time I've been using a basic fried donut recipe I'd found on allrecipes; as soon as I made and tried the Berliner in this book - lets just say it was night and day! Fantastic flavors, lots of variety; very, very good!

This is a good book for doughnuts. Has quite a few and I really like that it gives variations to the doughnut recipes. The recipes are easy to understand and follow. I would recommend this book to beginners like me.
