Travel Florence, Tuscany, And Umbria, Italy: Illustrated Guide, Phrasebook, And Maps. Including: Pisa, Siena, Assisi, Gubbio, Orvieto, Perugia, Arezzo, ... Grosseto, Livorno, Lucca + (Mobi Travel)

Synopsis

This guide is designed for optimal navigation on eReaders, smartphones, and other mobile electronic devices. It is indexed alphabetically and by category, making it easier to access individual articles. Articles feature information about attractions, landmarks, districts, transportation, cultural venues, dining, history and much more. Addresses, telephones, hours of operation and admissions information are included. The guide is complemented by clearly marked maps that are linked to city attractions. An interlinked phrasebook as well as a pronunciation guide are included. This travel guide also features an itinerary with our suggestions for your travel route. Itineraries include links to individual attraction articles. NEW FEATURE: The attraction articles now include links to Google Maps. On a dedicated electronic reader with a slow connection and a primitive browser, Google Maps will display the attraction on the map along with metro stations, roads, and nearby attractions. On an internet-enabled device such as the iPhone and the iPad, Google Maps will even show you the route from your current location to the attraction you want to go to. With this travel guide you can turn some eReaders into audio guides. For example, on the Kindle, just open an article and click Shift+SYM to activate text-to-speech. Put the speaker on the back of the Kindle against your ear and enjoy your virtual travel companion. Press Spacebar to pause/resume text-to-speech. All travel guides in the Mobi Travel series are only \$4.99 or less. Search for any title: enter mobi (short for MobileReference) and a keyword; for example: mobi Paris.

Table of Contents: Essentials: A-Z INDEX | Phrasebook | Eat | Drink | Stay Safe | Driving in Europe | Units Conversion

Customer Reviews

most of this content is just copied from Wikipedia. although some of it is worth reading, it can't be compared with a real travel guide. It lacks consistency, information is haphazard (as one would expect from Wikipedia) and some of it is just simply not correct. Pay a few bucks more for a REAL guidebook

Travel Florence, Tuscany, and Umbria, Italy. Illustrated travel guide, phrasebook, and maps This wonderful ebook is full of great pictures and fun facts. It is very entertaining and remains interesting throughout. It is well written. The ebook provides a great overview. Major attractions are covered.

Definitely worth every penny.

Travel Florence, Tuscany, and Umbria is a very detailed and insightful book. Unlike the other reviewer I found navigation of this book relatively easy and straight forward. The maps were legible and I was able to use the text to speech function of my Kindle 2.

Travel Florence, Tuscany, and Umbria, Italy. Illustrated travel guide, phrasebook, and maps This ebook is a wonderful travel companion. The pictures are great, the descriptions wonderful, and there is a lot of good, practical information. The guide truly awakens the traveling spirit and encourages you to think about journeying out into the world.

One of the biggest advantages of the Kindle for travelers is being able to reduce the number of tour books required! Unfortunately for this book it's not yet really ready for Kindle. The table of contents doesn't permit navigation to that chapter. Very difficult to quickly flip to the section required. While the information may be good, navigation issues limit me giving it more than 2 stars.
