A Brush Full Of Colour: The World Of Ted Harrison

Synopsis

Ted Harrison's brightly coloured and wildly imaginative paintings set in the Yukon have become synonymous with the North. His instantly-recognizable images of the land of the midnight sun hang in galleries and private collections around the world. But how did a boy who grew up in a drab mining town in northeast England become one of Canada's most beloved and decorated artists? *A Brush Full of Colour* is the story of a boy whose passion for learning would save him from a life in the coalmines. The books by the American writer Jack London and Canadian poet Robert Service fired his imagination with scenes of the wilderness and the Klondike Gold Rush. He wanted to become an artist and he went on to art school. A stint in the British Intelligence Service gave him the chance to travel. But Ted never stopped dreaming of the North, and when he saw an advertisement for teachers in Northern Alberta, he jumped at the chance. Margriet Ruurs and Katherine Gibson trace the life of Ted Harrison and the influences that would lead to his unique style as an artist. Filled with full-colour examples of his vivid art and with a foreword written by Ted Harrison, *A Brush Full of Colour* will provide inspiration for a new generation of budding artists.

Gr 3-6 • An outstanding, well-organized biography about the life of Ted Harrison, one of Canada's most recognized and popular painters. The book chronicles the man's life, from his birth in the coal mining town of Wingate, County Durham, England, where his father gave him pencil

and paper and told him to draw; to art school and military service post-World War II, which gave him the opportunity to see the world; to teaching art in Malaysia; and finally immigrating to Canada and combining all the designs and techniques he had seen around the world and finding his own style. Harrison vowed that his paintings would only depict positive images. He developed a colorful, vibrant technique that reflected the joys of life. While many love his work, others are more critical. However, Harrison remains upbeat: "We must be who we are in everything we do, no matter what others say." This book is filled with quotes from Harrison and examples of his work, all demonstrating his love for vivid colors and flowing lines. VERDICT A joy to look at and an inspiration to read. — Paula Huddy, The Blake School-Highcroft Campus, Wayzata, MN

Used this in my classroom to teach about Ted Harrison. Kids loved the bright colors.

What's not to love about this book. It's a very interesting read about the artist's life and work. The illustrations included of his work are fantastic. Mr. Harrison was from England but loved northern Canada so moved there. His artwork depicts northern life, climate, landscape. Exquisite.
