John Charles Chasteen is Professor of history at the University of North Carolina at Chapel Hill. He is the highly acclaimed translator of Tulio Halperín Donghi's *The Contemporary History of Latin America*. He is also the author of *Heroes on Horseback: The Life and Times of the Last Gaucho Caudillos*; *National Rhythms, African Roots: The Deep History of Latin American Popular Dance*; and *Americanos: Latin America's Struggle for Independence*.

Great book for those who want to explore the social climate and Latin America.

Well researched, written and concise. It is perfect to teach intro to Latin American Studies.

This has been the most enjoyable required textbook reading I've been assigned.

This book is so interesting filled with important details I never knew. I actually enjoy reading this textbook

Good condition

The book looks new. No damages. It's perfect

I am reading this for fun while my daughter uses it in High School History class. I admit besides the Cortes adventures and to a lesser extent, the Pizarro exploits, I am not as familiar with Latin American history as the United States and Europe /Asia. It is not the smoothest written book for High School I don't think but has some interesting insights. Sure, it is written from a more liberal (modern term) approach but the author makes reasonable effort to both have the recent deference to the politically correct craziness while still not judging the Europeans on modern Western sensibilities. They are a product of when and how they lived. I have no clue why this book is so expensive for a paperback however. I realize it is a "textbook" but basically that means it is a captive audience who has no choice but to procure a copy. I am not sure how these things work and there may be a reason I do not know but it seems like taking advantage of being required reading. But since the author is a Tarheel, I will definitely give the benefit of the doubt!

Gripping, well reflected, concise, compassionate. Exactly what I needed as an introduction. The Author gives voice to the -traditionally -underrepresented: women and indigenous people.
