Customer Reviews

Grade 5-10-This volume provides little information that is not available elsewhere. Lommel often quotes academics pontificating on rap as a manifestation of social problems, but the quotes are not directly sourced. The bulk of the book is a familiar parade of rap names. A final chapter discusses how performers have become moguls, overseeing empires that take rap style-as in clothing-to a mainstream American audience. Black-and-white photos of the performers and a one-page list of seminal albums are included. The list for further reading is not very complete. James Haskins's *One Nation under a Groove: Rap Music and Its Roots* (Hyperion, 2000) is more attractive and, while the writing is at times academic, it is one of the most current and well-done books of its kind. Tim Wadham, Maricopa County Library District, Phoenix, AZ Copyright 2001 Reed Business Information, Inc.

..".this lively analysis offers an informative, inspiring account of the cultural blossoming of New York

City's Harlem in 1920s...." --This text refers to an out of print or unavailable edition of this title.

i love it so much, I got it in the mail and it came in a nice case which I enjoyed. I love the feel and how heavy it is. When I got it, I immediately washed it and tested it out and it cut through some peppers like butter. I really liked it. very patient and helpful. excellent. will buy next time .

Cookie Lommell's History Of Rap Music will appeal to ages 10 and older with its fine survey of the rap music genre's origins and evolution. Chapters cover early promoters, the rising success and popularity of rap, and the empires which evolved from the musicians' success.
