Most helpfull....Never realised so many nice little snacks can be made with only a mug to start...A
must read

Just what I needed for a quick meal with the right size portion.

I love this cookbook. I am by myself.

Well I was surprised at how much I like this book. The recipes are easy to prepare and taste great.
My favorites are French Toast in a Mug and Egg White and Vegetables in a Mug. There is quite a
variety of excellent recipes in this book. I highly recommend it.

It is a cookbook - what can be wrong about it? The mug-recipes are and interesting new concept for
me, I find it a fabulous idea.

Most of recipes calls for ingredients that are not standard. I could not justified buying a big amount
of spice when I needed just 1/8 tsp. If I could find it.

Exvellent

Great for a quick meal.
