Customer Reviews

This is not a typical travel guide. The book highlights 10 places that anyone traveling to Warsaw must see. It doesn't have any other tourist information that you can find in some other travel guides, so keep that in mind and equip yourself if you need that too. There certainly is a lot to see in Warsaw, beautiful city with some breathtaking places. Ten places that are recommended in this book are among them for sure, the author did a good job at picking them out. There is more to see than this, of course, but if you visit just the 10 places that are here, you can say that you've seen Warsaw at its best. Recommended.

Warsaw is such a nice place to visit. From its tourist spot destination, the food, the shopping center, and its people. Travelling and roaming around Warsaw will be perfect if your itinerary is ready. I mean, it's not all the time you can visit such an amazing place like Warsaw so if you can, you have to make sure that everything is in proper place. You should have a travel book with you so you can enjoy your visit. Very nice book to have, you will surely enjoy Warsaw even in just short of time.

Gave me basic information on the top ten locations to see...and I saw them all!

Even if you never travel to Warsaw, or have traveled in the past, this book is simply entertaining and fun reading. This book will come in very handy when I do some cross Warsaw next year. Great guide for traveling and exploring.
