FireStarter (SmokeJumpers Book 1)

Synopsis

FireStarterBlurbKeanu uses his powers as a Fire Elemental to fight the fiercest forest fires. He lives his life dangerously as a Smokejumper knowing his abilities can save lives where others can't. Called home to investigate threats, he finds a woman who calls to his soul. He has no clue that the biggest blaze he would ever fight, would be the one that Cammie Masters stirs in him. Cammie has never forgotten her girlhood crush for Keanu, but what she feels now is a woman's desire. Can she trust he'll stay, or will he blow out of town like he's done every other time? When Cammie's life is at stake, will Keanu find the men or beings who have targeted the woman he loves, before they destroy her and his hometown?

FireStarter Excerpt

• Oh baby, we are so much more than stuck together.

• He crowded her against the Jeep.

• Where the good Lord split me, huh? I think I need to work on splitting you a little more.

• You're not going to distract me with your giant penis.

• She punctuated each word with a poke of her finger to his chest. Keanu nuzzled her neck, licking a trail down her throat.

• Are you sure about that?

• I think so.

• Cammie gasped.

• What are you doing?

• Making sure you didn't get cut by any glass.

• Keanu, I'm pretty sure I didn't cut my punani during my climb out the window.

• The laughter in her voice lifted some of the worry from him.

• So, is that what you call this little slice of heaven?

• He rubbed a finger up her slit through the material of her underwear.

• Uh huh,

• Cammie moaned.

• Wrap your legs around my waist.

• He was happy when she obliged, and the fact she had flimsy panties on was a major boon. He used her momentary distraction to tear at his fly, releasing his dick and pointing it straight up to paradise. Remembering she was still new to this, he paused.

• Are you too sore?

• God, no, Keanu. Fuck me.

• She helped him by pulling her panties to the side and relaxing her legs, sliding down onto his cock.

• Yes,

• they cried in unison. With her back braced against the vehicle, he used his grip on her ass to guide her body up, down, and up again. He set a furious pace, needing to reaffirm she was safe, that they were both alive.

SWEET HEAVENLY HEAT, COME TO MOMMA!!!What an incredibly HOT story, Incredible Characters, Steamy Storyline what is there not to love!Elle Boon has taken the Heat to incredible levels with her FireStarter book.If you love the Heat then you need to pick this one up and add it to your collection today!What can you say when you put a hunky Firefighter in the middle of erotic Chaos.But this Firefighter isn't just any ordinary Firejumper, he just happens to be an Elemental.With the ability to control fire, Keanu Raine has just the perfect job to put his skills to the test. When his grandfather needs him back at home, he is able to get placed at his old stomping grounds. But when he meets his perfect match in Cammie Masters, nothing in his life will ever be the same again. With unknown fires sprouting up all over, danger gets a little to close to home. And when Cammie becomes a target all bets are off!Well written with incredible visual twists and turns, an emotionally charged story that sucks you right in! Recommend to all that love Firefighters and Elementals. Well Done! ã Ć ĆĒĀ°

I swear every time I'm introduced to one of Elle's sexy Alpha males, it's like a strike right to my heart or.....umm....other areas lol I absolutely loved Firestarter but I knew I would before I even read a word. Elle Boon is definitely one of my insta click authors, you know the ones I mean, where u don't even have to know what the book is about but already know how Amazeballs the authors writing is so u automatically one click and buy! This story was definitely hard to put down. It had me so lost in the pages that by the time I looked at the clock it was almost 4a.m. This book seriously had me laughing out loud at some parts, like when Keanu says "That's not a dog, it's a damn horse"

hahahahaha to funny. But don't be fooled Elle didn't forget to add that sexy spiciness we crave from her stories. One minute your laughing the next your running for a cold shower...well played Elle...well played

⚡️⚡️ I NEED MORE ASAP!!! As always phenomenal job and can't wait to see what's next.

Marie's Tempting Reads Glfted Review:Elle Boon has done it again with a NEW book in a brand spanking NEW series! FireStarter set me on fire with its unique and unforgettable characters and well written plot. FireStarter Set me ablaze with the passion and the edginess of the story. It has a wonderful mix of suspense and romance.Keanu is the one with the power to produce flames and to take them back into himself. I really thought this power was something else. It is not only different then someone with psychic abilities, but it is the kind of power only someone good could have because it can be a very dangerous power as well. Keanu is a sexy Native American with a strong build and is sexy as can be. Now Cammie has got to be one of my absolute favorite heroines of all time. Not only is she super pretty and smart, she is one hell of a kick-ass heroine. She can be sweet and feminine and vulnerable when you expect it, and she can beat you down and kick your ass if your a perverted bastard. I really LOVED the fact she can defend herself! But I found her even more likable because she is super sweet and fun to be around.The romance is pretty freaking H-O-T in FireStarter. The passion and lust in FireStarter is so HOT in fact, it will melt you on the spot and may cause self combustion. Elle Boon has a incredible knack for bringing us readers a story that is new and different but OH SO GOOD. For FireStarter, I give a FANTASTIC FOUR FIERY STARS!! If you like a book with sexy Native Americans with awesome elemental abilities that will blow your mind and melt your heart, then FireStarter may be for you. Come and grab a copy of FireStarter and see why I love Elle Boon's work so much. I don't think you will regret it.

Ok, I love this book. Keanu is so hot, my panties melted! Keanu and Cammie have a seriously sweet story mixed with enough heat to keep you warm all Winter long. Consider all of the above stars infinite. If my mom were still with us, I would give her this book to read, just sayin. I have seen the future...and it will be filled with one clicks for Elle Boon!!! I'm so glad this is book 1 in the series, because it means there is so much more awesome to come.

I soooo love the way Elle Boon writes.She never disappoints.Keanu uses his powers as a Fire Elemental to fight the fiercest forest fires. He lives his life dangerously as a Smokejumper knowing his abilities can save lives where others can't. Called home to investigate threats, he finds a

woman who calls to his soul. He has no clue that the biggest blaze he would ever fight, would be the one that Cammie Masters stirs in him. Cammie has never forgotten her girlhood crush for Keanu, but what she feels now is a woman's desire. Can she trust he'll stay, or will he blow out of town like he's done every other time? When Cammie's life is at stake, will Keanu find the men or beings who have targeted the woman he loves, before they destroy her and his hometown? Though I have to say that despite the fact this book was perfect I felt like something was missing... I needed some more. The story floated nicely and the characters were funny and hot and well developed. This is the first book of the series and I can't wait to read more!!!
