## Customer Reviews

OSHO is one of the best-known and most provocative spiritual teachers of our time. The Sunday Times of London named him one of the &#147;1,000 makers of the twentieth centuryâ • and novelist Tom Robbins called him &#147;the most dangerous man since Jesus Christ.â • Nearly two decades after his death in 1990, the influence of his teachings continues to grow, reaching seekers around the world.

Loved reading it. Open any chapter and read anytime anywhere in this world. It comes with profound insight into what is called "understanding".

Best book ever on what tantra actually is.

Going to love reading this book.

Great book

Tantra!! We love you guiding us.

I absolutely love it!

I am also an avid reader of many Osho books. This might be the best one I have read yet. Just when you think you read one of his books that cannot be topped, you stumble upon another. This one is incredible. Definitely for more advanced Osho readers though, simply because he doesn't explain himself as much as he does in his other books when he says things. It may not sound like that makes sense to new readers, but his books are more like conversations and when you get to know him more it changes the conversation. A great read none the less, from a magnificent writer.

I LOVE OSHO, Anything OSHO is inviting, liberating, interesting, expanding, deeply spiritual. Its one of those books that you can read a paragraph and sit and meditate and not feel like you need to rush through it because its so good. Tantra is the supreme understanding!
