The Eye Of The Storm (The Triple Crown Trilogy Book 2)

Synopsis

When Lilly Garrett came out of retirement to ride Genuine Storm in the Kentucky Derby, no one expected they would win. Now, the Preakness is coming up, and Storm's owner Charlie is convinced Lilly is the only jockey who can clinch the next win in the race to the Triple Crown. But Lilly's short return to the racetrack put her too close to the heartbreak and betrayal she tried to run away from in the first place. With the help of Charlie, Doug, and the rest of the team, Lilly must decide if her passion for racing is worth the pain. Will she make her decision in time to help the people who count on her? Most importantly, will Genuine Storm stand a chance at the Triple Crown if Lilly Garrett isn't the one riding him?

Customer Reviews

The ending was very suspenseful. Can't wait to find out what happens in the next book.

Very well written. Couldn't put it down. It combines mystery with the world of horse racing. The characters are awesome. On to the third in the trilogy!

Absolutely love these books. Can't wait until the next one

Loved this book! The authors love of racing and horses shows. Can't wait for the next installment.

Loved this second novel in the "Triple Crown Trilogy" - once started, I couldn't put it down. Once again, Kimberly Campbell's love of horses and horseracing underpins the action. My only quibble - now I have to wait to read the next installment!

Read the book in a little over 2 weeks while during our annual beach vacation. Just could not put the book down; it was that good. I could identify with the characters in the book and their love for animals. There was suspense and one part of the book actually brought tears to my eyes. The book has some surprises that I didn't see coming. A well written, entertaining, and enjoyable book.

I loved this book. Being an avid reader and a previous horse owner, all aspects of the book were interesting to me. Loved learning the tidbits about the racing side of horses, plus the book had a bit of mystery to it. Kim makes it easy to get to know the characters in the book and become very interested in their lives and how they intertwine. Look forward to reading the next one.

Fantastic book! I couldn't put it down. You don't need to have read the first book to enjoy this one but I recommend you read it anyway because it is just as good as this one. Can't wait for the final book!!
