Real Good Love: The Real Duet, Book 2

Synopsis

From USA Today best-selling author Meghan March comes a sexy new duet with a hero you won't want to miss. I've had my fair share of bad boys, but nothing prepared me for what it was like to be with a real good man. Logan Brantley changed everything. Somewhere along the way, what started as a fling became the best part of my life. He makes me want all the things I've never had, like forever and happily ever after, but nothing worth having comes easily. Everyone is betting on us to fail, but I'm ready to fight for this real good love. Real Good Love is the conclusion of the Real Duet series.

ASIN: B01N98Z2A4

Best Sellers Rank: #157 in Books > Audible Audiobooks > Romance > Suspense #1373 in Books > Romance > Military #2273 in Books > Romance > Romantic Suspense

Customer Reviews

There really is nothing like a real good love to get your heart pumping and swooning. And when it comes to Logan Brantley, he's got good love in spades. Real Good Love picks up where Real Good Man ends, and it hits the ground running. Logan is concerned about Banner and what he found at her place. Banner is handling the estate of her old neighbor. The rumor mill in Gold Haven has heated up. The mystery surrounding the meth epidemic continues to climb. The intense passion sky rockets. And just when you think you know what's going to happen next, things take a turn that will surprise you. Holy smokes Batman, what a stunning and thrilling conclusion to the Real Duet! The chemistry between Logan and Banner heats up that flames are flying off the pages. The compliant each other bringing out the good qualities of the other. They also desire to be a better person for the other, to support each other, to love each other without question. I also loved Julianne and her spunky attitude, she's someone I would hang out with. And be prepared to swoon when you see

Creigh embracing fatherhood. I loved this series with all its suspenseful mystery, witty banter, provocative seduction, and pure unadulterated love. I highly recommend this captivating, page turner of a series. Meghan never disappoints and the Real Duet is sensational.

The Real Duet is combustible, sexy as sin, fun, witty, charming, and all out AMAZING! Logan and Banner are my favorite couple to date, by Meghan March! Our sexy country man, Logan is one man, that I can say is definitely ALL MAN and REAL GOOD! And Banner..OMG, this character was so freaking fun and the things she said made me laugh out loud! She is DA BOMB! Real Good Love was so damn hot and dirty and more fun and sigh-worthy than you could imagine. I honestly had one hell of a time, putting this down, and when I did, it was the ONLY thing I was thinking about, all day and night long. After I finished it I was left feeling happy and sad. Happy because it was one of the BEST Duets I have ever read, and sad because I had finished it. Meghan March creates characters you can easily love and stories that are just too scrumptious and addicting for words. Logan and Banner will steal your heart and leave you 100% satisfied...GUARANTEED! I HIGHLY and I do mean HIGHLY recommend this Duet by Meghan March! Real Good Love gets a REAL GREAT FIVE SHOOTING STARS! Its a masterpiece and it should be worshiped as such. Once you start, you will devour this book in one sitting and DEMANDING a repeat.

Logan and Banner continue their relationship in Real Good Love. Banner has gone back to New York City to handle her elderly neighbor's affairs after her death. She finds that the city has lost its appeal. It lacks Logan and he is the only thing she needs. She also inherits \$30 million. Logan is still working on the rebuild of the 442 for Thrasher. He has a deadline to meet and a delivery in Nashville to make. In the meantime, Gold Haven has its own mystery to solve and things heat up when Memphis comes to town. She is the big city reporter who plans to break the story of who is making meth labs all over Gold Haven. Definitely a must read! 5 stars

Well, apparently I'm in the minority when it comes to this 2 book series. It was ok but definitely nothing I found to be overly memorable. It reminded me of numerous other romance novels I've read and I really didn't care for the way this one story was broken into 2 books. I think both books were over priced at \$3.99. Basically I ended up paying \$7.98 for a pretty typical and quite average romance. It wasn't bad, but I have to admit it was cliché and overall had a generic feel to it.

5 Stars Audiobook Review
Things start off right where Real Good Man ended and what a ride it was.

There's a couple of surprising twists tossed in, a good dash of mystery/suspense and a whole lot of swoon worthy, panty destroying smexyness going on as Logan and Banner figure out just where they want to go with their fledgling relationship. If I didn't already adore Logan and Banner, this book would have bumped them up to that level, in fact they may just be my favorite couple of Ms. March's which isn't an easy thing to achieve. I loved watching them become more intertwined with each other, not only on the sexual level, which was nuclear, but soul deep to the point that they knew each other inside out. They had a few issues to address throughout their journey that had them both in a tailspin, but they faced them head on and with a maturity that I found refreshing. Outside of Logan and Banner's epic romance, I thought the various twists and turns throughout the story and the suspense/mystery storyline simmering in the background were all done very well. I loved getting to know the residents of Gold Haven, Kentucky better. Some I wanted to gut with a spoon, but there were a good number that I'd love to see get their own books one day and I swear my ovaries exploded because of Creighton Karas and simply proved once more why he will never be moved off my book boyfriend list and I cannot wait to get my hands on Boone's story! And as always, the narrators were brilliant. I enjoyed their performance and solidified why I never waffle over purchased any audiobook they read.

Meghan March I didn't think she could out do Real Good Man but this book here takes the cake. It had the best story plot and the relationship Logan and Banner had was amazing. I didn't want the book to end. At one point my heart dropped a bit but then I just kept reading. You must read this book. Can't wait to read more by Meghan March.
