Goodnight, Daniel Tiger is a great book to use when putting your child down to sleep. My little one loves brushing his teeth and taking baths so he was so excited seeing Daniel do the same. This show is all he watches so when the books we ordered arrived he was ecstatic. The book is very nice and can take some wear and throwing around the room. The cover has a cool soft fabric that I have never seen before on a small book like this, very nice detail. Overall my child likes this and the trolley book they have with the wheels the most. I would recommend this to anyone looking for a good children's book. Especially if you are a Daniel Tiger fan.

I am amazed at out of all the other kids shows out my Daughter learns more good behaviors from Daniel Tiger. Or as we call him here Danny Tiger . She is always coming up to me saying like Daniel said wash your hands , or when your sick , rest is best, rest is best. Daniel really gives them confidence to face their problems in a real grown up way . I love this show i think that it is a great nod to Mr rogers but honestly even better if that is even possible .

Finally, Daniel Tiger's Neighborhood books are here! Parents and children alike are rejoicing openly in the streets!"Goodnight, Daniel Tiger" is the book version of the fabulous Daniel Tiger's Neighborhood Season 1, Episode 34 "Goodnight, Daniel." It time for Daniel to stop playing and get ready for bed. You and your little ones will be able to sing along to "bathtime, brush teeth, pjs, story and song, and off to bed!" while Daniel follows his bedtime routine. It is very true to the episode.The book itself is lovely. It's a generous 10x10" square. It's a "soft" hardcover--meaning the cover feels stuffed. The red border is a velvety texture that represents Daniel's favorite red sweater. The pages are glossy and filled with gorgeous full-page illustrations.My hubsand and I were very impressed by the quality and our 2 year old's mind was basically blown, since she didn't even know Daniel Tiger books existed. She kept asking for "one more time!" More reading? We'll do that anytime, anywhere, any day! Wonderful purchase!

If you don't watch Daniel Tiger, you may find yourself struggling through this book. We love Daniel Tiger and watch it regularly, but this book has a lot of songs that we didn't know well enough. A fun bedtime story for Daniel Tiger lovers and even new Daniel fans, but make sure you look up the songs to know their tune before reading... Or else make sure you're really good at improv karaoke! :)

Great illustrations - just like the Good Morning/Good Night episode of Daniel Tiger's Neighborhood. Colorful and happy images for bedtime.Several songs from that episode are written into the story, so you might want to watch it before you read this to your Daniel Tiger fan. For example, some lyrics for "Brusha, Brusha, Brush my Teeth," "Good Night Daniel, Good Night," and other songs are written into the story.This is a great bedtime story to reinforce a child's bedtime routine and why it's so important to get a good night's sleep. Great value on this paperback version, too. I would recommend this even for children who don't watch the show.

My 3 year old loves Daniel Tiger so I thought I would order this book to read at bed time to help with getting her settled down and ready bed. My daughter loves to see that Daniel Tiger gets ready for bed just like she does. The pictures are bright and colorful and all Daniel's friends are in the book too. I do wish they included the full "Good Night Daniel" song lyrics. But hey I already know them. My only other complaint is that the pages smell funny. I am really hoping it fades. This has quickly become a favorite book in our house and my daughter likes to read it though out the day. We do read it every night at bedtime too.

Purchased the Kindle version of this book as the description says "Goodnight, Daniel Tiger: with audio recording." However, there is NO audio recording associated with this book. I tried contacting customer service to ask about this, was sent to an Audible.com representative who could only confirm that no audio book for this title exists, and my attempts after that to contact customer service (so that the description of this item could be fixed) were unsuccessful. This is a cute story, but I purchased it assuming that there would be audio with the book. What a bummer!

Every night this book is read to our little one. It is very educational and helpful as a learning tool. After the book is read everyone gets good night kisses and put to bed. The pages are printed on a nice heavy paper but little ones hands like to pull on them and some get torn. I would recommend this book.
