Change Your Questions, Change Your Life: 12 Powerful Tools For Leadership, Coaching, And Life

Synopsis

NEW EDITION, EXPANDED AND UPDATED Great Results Begin with Great Questions In this new expanded edition of her classic international bestseller, Marilee Adams shows how the kinds of questions we ask shape our thinking and can be the root cause of many personal and organizational problems. She uses a highly instructive and entertaining story to show how to quickly recognize any undermining questions that pop into your mind "or out of your mouth" and reframe them to achieve amazingly positive and practical results. The third edition includes a new introduction and epilogue and two powerful new tools that show how Question Thinking can dramatically improve coaching and leadership. Based on Adams's decades of research and experience, this book can make a life-transforming difference "as it already has for many thousands of people around the world.

This revised and expanded edition of Marilee AdamsââTM's landmark bestseller shows how, by changing the kinds of question we ask of ourselves, our situation, and those around us, we can dramatically improve every aspect of our lives

I could have done without the story section but the workbook and concepts were great. I have started a list of questions to refer to when processing.

This is one of the most amazing books you will ever read. It will help not only your personal but your professional life as well. Truly, a great read for young and old alike!

Love to start practising this. Will see how meditation can help with the self observer part as well. Coaches, you should read.

Too busy knowing it all. Never thought that asking questions could help me get to the answers I sought.

Great book, I enjoyed and learned a lot, I recommend this book, should be in everybody's library. Cheap and very useful

Great book to help you approach life differently. The questions you ask can change your actions and outlook.

Great book - Premise before reading anything else about asking questions. If you're a parent, teacher, business person - Read this book. Quick read and written in a fable format.

A wonderful perspective to look at any situation. LOVE this book and its philosophy. Written with as an allegory for easy understanding of application. We use it for the doctoral program in which I teach.
