Southwestern Green Chile Cheeseburgers from Weight Watchers Family Meals Serves 4 | 20 Minutes or Less Directions 1. Mix together beef, salsa, chili powder, and salt in large bowl just until combined well. With damp hands, shape mixture into 4 (1/2-inch-thick) patties. 2. Spray grill pan with nonstick spray and set over medium heat. Put patties in grill pan and grill until

browned. Turn burgers; top with Swiss cheese and grill until cheese is melted and instant-read thermometer inserted into side of burger registers 160°F, about 5 minutes longer. 3. Place lettuce and burgers on bottoms of English muffins. Top each with 2 tomato slices, 2 onion slices, and tops of muffins. Cook's Tip: For a touch of smokiness, use chipotle chile powder instead of regular chili powder. Chipotles are jalapeños that have been dried and smoked over a fire. I've been on WW since January, and I've been frustrated by how few recipes are available for the new SmartPoints program. I wouldn't make all of these recipes on a daily basis, but I appreciate the variety. I am cooking for one, but most of the recipes are easy enough to adjust portions accordingly. I appreciate that book is large and beautifully presented. The photographs are great and the recipes are easy to follow. Would highly recommend to anyone looking for SmartPoints inspiration.

When I saw the two previous, kind of negative reviews for this book, I felt compelled to comment. This book is terrific! I read a lot of cookbooks, and this is well-done. On the basic level: it is well-illustrated, has thick pages, opens easily and stays on the cookbook stand. Each recipe also lists the nutritional values as well as the new Smart Points for each dish. The recipes have a very

manageable amount of ingredients and instructions in easy-to-understand language. I have four children - teenagers and college students. Even my picky-meat-and-potatoes guy would eat most of these recipes. The division of the book into sections is great; they're entitled: Cooking with Staples from Your Pantry, Super-Easy No-Cook Recipes, Make It Ahead, Shortcut Dishes, Slow-Cooker Chillies/Stews/Roasts/and More, Have Breakfast for Dinner. There are main dishes and side dishes. I am not a gourmet cook and regularly avail myself of meal-kit services (e.g. Plated), precooked grocery meals and carryout. This is a welcome addition to anyone who is trying to adhere to the Weight Watchers food plan but also for everyone who wants to serve their family healthy dinners.

I was super excited to finally see this on my doorstep! This hard back book has a variety of recipes for any occasion, simple to elegant and includes Smart Point values. I feel it was a great value and I'm buying another for my WW buddy :)

Bought this cookbook for my mothers for Mother's Day. She has lost 30 pounds with weight watchers and is always looking for new recipes. She loved this and has made several recipes from it and enjoyed them all. Great gift. Substantial book.

Great recipes! Makes it easy for anyone on Weight Watchers or counting calories because the point values and calorie counts are on every recipe.

There are so many great recipes in this cookbook, we don't know what to make first! The biggest problem with Weight Watchers is planning meals every week, and this book really helps. Excellent recipes for a family of four or to make for two people and then have leftovers for another meal. We are really looking forward to making many of these meals!

Purchased because it is up to date with Smart Points. Great variety of recipes.

It is not the best weight watches cook book that I have purchased.
