Customer Reviews

Good information. It is condensed and is also included in Volume 1 so if you buy it you don't need to buy this one also.

The write-up for this sounds very extensive, but I was not thinking when I ordered it. It states clearly that it is only 24 pages. I didn't notice that. Somehow, I expected much more. I should have realized that one cannot expect much from a 24 page "book" for six dollars. The write-up makes it sound as if it is a "Volume" from an extensive book about drugs and this is the "Meth Edition." It sounds as if there are many stories from people that were addicted to Meth. It has one poorly written story from one supposed meth addict that if true, is not particularly convincing. If I could give it zero stars I would.

Haven't finished reading, but makes sense so far...

Very informative

I honestly choose this book because it was free to borrow & right now dealing with my husband relapsing & losing his job, that's all we can afford but I want to know how to help without making him hate himself... I want him to feel successful..together we can make it --- this book takes about support being the key... well support I will!!!!
