Synopsis

Cancel your gym membership. If You Want to Know How to Get Lean & Ripped at Home in 30 Minutes/Day - Then Keep Reading#1 Best-Selling Author Reveals How to Burn Ugly Fat and Get Ripped Without All the Non-Sense That Takes Place In Most Commercial GymsI was disgusted...I had just pulled into the parking lot of my local, big-box commercial gym. The parking lot was jam packed...The locker room was dank, musty, and damp.The lockers were stained with sticky messes and coated with rust - some even had old clothes and garbage. The "gym bro's" were howling and high-fiving each other in between sets. Every other step I took was like traversing a minefield - dodging the piles of misplaced weights scattered across the floor. It literally made me turn around and leave. Of course, not all gyms are like this, but this very image is what keeps millions of people away from gyms everyday.If that's you, then know this...You CAN build a strong, lean, resilient body using bodyweight exercises in the comfort of your own home. No complicated gym memberships.No fancy equipment.No expensive personal trainers. Just your body and 2 simple items that you can get for a total of \$30. Another winner from Raza! This one is probably my favorite so far! Who the hell wants to go to a gym?? Not me!! "But can we get the same workout from home?

What's that gonna cost? I dunno if I'm ready to line my walls with dumbbells. Worry not! Raza has you covered! This is a step-by-step guide to getting big, and staying that way. It's all from home. It's just what I was looking for!

I have bought quite a few exercise books over the years. Mostly overpriced. This one exceeded my expectations as a low cost yet informative guide.

Easy and motivating read, some exercises need better explanations but linked videos can help here in most cases and we all have youtube. Info is direct super concise and inspiring, Raza really makes me feel like I can do it. Great book.

Wish it had pictures showing how to do the exercises though, it'd be helpful. As it is I have to look online what the exercises are. Otherwise great stuff.

It's the second book I read from this author. And I must say, it will not be the last. I'm a great advocate of healthy habits, so I do some stuff every morning to start my day with a positive attitude. Doing a few minutes of exercising is also part of it, but I never felt I was doing the right things at home... till now. Mr. Imam gives very good and simple exercises to do them at home. They are not easy though. So if you seek tips like, take three steps and sleep 8 more hours, you'll be disappointed. If you want more than that I can only recommend this book!

I love the way Raza talks about his own mistakes he's made and helps us avoid making the same mistakes. He has a very honest, straight to the point way of delivering his message. I've bought other books by Raza and highly recommend this one. He knows what he's doing! Keep up the good work, Raza!! :)

Easy read, useful information. I read it in about thirty minutes and could apply the lessons immediately. Nice job Raza.
