Customer Reviews

Myan Soffia is an East Coast transplant finding her way around Los Angeles. While living in downtown L.A., she realized she wanted to document the city as she saw it... magical, vibrant, and full of life. Myan had always been interested in photography but had never seriously pursued it. She used to spend her days as a television graphic designer and then a television promotions producer, she thought her life would certainly take a different path. Myan is so grateful that her work can be seen in books, magazines, and private collections around the world. And is truly honored her prints have also found homes as set decor on ABC's Modern Family, HBO's Enlightened and FX's Anger Management. Myan's photography is also featured inside Lana Del Rey's CD cover

This set was fantastic and exceeded my expectations! Absolutely loved it... The cards are very well made and the photos are stunning.

these are perfect! I send them to my nephew and his wife who live in San Francisco so they can see new images of the city they live in.

Wonderful pictures of the city.

Amazing, I've given this away as gifts to colleagues and friends. Everyone loves the images- beautiful and breathtaking.

Beautiful photographs!

The cards are beautiful and they came when they said they would!

I simply cannot believe anyone would like these post cards! They are HORRIBLE. Faded, blah do NOT depict San Francisco in all its beauty in the least! I am FROM San Francisco! They are also heavy cardboard so you won't be able to use postcard stamps. They are simply awful. Please DO NOT BUY THEM.

Good quality but too many Chinatown
