## Customer Reviews

Another great book by Meredith Potts. The main character of the series who has with the help of her cop boyfriend has solved the mystery of her sister's death. In the first book we find out she had disappeared eleven years prior. This book like all the books in the series kept me guessing until the end. I can't wait for the next book from this author. I know no matter what it's about it will be worth reading. So if you like clean wholesome mysteries this book is for you.

As always, another great story by Meredith Potts. She never fails to give you a story worth reading.

This one finally gives Sabrina and her family closure on her sister's disappearance many years ago. It is filled with colorful characters, emotions and a trail of unanswered questions. Looking forward to the next one. I received an ARC for my honest review.

Good read, glad to have the mystery of Jessica unraveled! I really like the characters but would like to see David, the cop/boyfriend, to be a little bit more forceful. He's kind of wimpy and just lets Sabrina decide what to do, how to do it, etc. Would like to see more in this series, with the characters being more interesting. Wasn't sure if this would be the end of the series or not.

Closure finally comes to Sabrina.....a decade old skeleton found proves to be Jessica...but who had murdered her? Sabrina and David question and follow every clue, some suspects are harder to rule out and feelings make clear thinking hard, but through determination and a little luck, they finally solve the mystery that has dogged Sabrina for years. I received a free ARC to peruse with the opportunity to provide feedback....if I wanted to.

You had me at Chocolate With a Side of Murder. I was hooked and had to read all five of the Daley Buzz mysteries. I wanted to find the answers about the Watterson Estate, what happened to Sabrina's sister, the Secret Society and more. An excellent cozy mystery series.

This installment of the Daley Buzz series is well written the main characters well developed. The feeling of loss is so well written that I really felt her loss, as I have been there, and Meredith eloquently expressed the sense of loss at the end of the book. Amazing, and though heartbreaking, the most sensitive and warm ending. Thank you Meredith, for a wonderful ending.

Kindle Copy for Review After over eleven years Sabrina Daley's older sister Jessica disappearance her remains are found in a construction site. She sets out to find the truth behind her sister's death and to find closure for her family and herself. What really happened all those years ago? An exciting read.
