Take Down (The Men Of The Sisterhood)

Synopsis

Christmastime is here, and justice is the gift that keeps on giving for the Sisterhood and their menfolk in the third part of an exhilarating series by #1 New York Times bestselling author Fern Michaels. Victory is sweet, but for the Sisterhood and their allies, it's also short-lived. Now that they've convinced some coldblooded slum landlords to pay very dearly for their crimes, they're ready for another mission. While Jack Emery prepares a Christmas feast at his house, the gang gathers to provide one of their own with a yuletide miracle. Nikki, Jack's wife, has been handling class-action lawsuits filed by victims of Andover Pharmaceuticals. A new leukemia drug was supposed to save children's lives. Instead, it destroyed them. Andover is fighting the suit with all its wealth and influence, and Nikki is losing hope. It's time for Jack and his crew to give Andover a taste of its own medicine and show them that messing with the Sisterhood's other half has all kinds of unpleasant side effects....

Customer Reviews

Fern Michaels is the New York Times and USA Today bestselling author of the Sisterhood and Godmothers series, along with dozens of other novels and novellas. There are over 75 million copies of her books in print. Fern Michaels has built and funded several large day-care centers in her hometown, and has outfitted police dogs across the country with special bulletproof vests. Visit her website at fernmichaels.com. Laural Merlington has recorded well over one hundred

audiobooks, including works by Margaret Atwood and Alice Hoffman, and is the recipient of several *AudioFile* Earphones Awards. An Audie Award nominee, she has also directed over one hundred audiobooks. She has performed and directed for thirty years in theaters throughout the country. In addition to her extensive theater and voice-over work, Laural teaches college in her home state of Michigan.

Third book in this adventure, I love it when a plan comes together..Well. after a few adjustments, delays, life and snow! Love the sisterhood books and men of sisterhood is also a good read. Not sure why Fern thought this should be a three book set but in my opinion should have been one. Notice another sisterhood is coming out in Jan. If one large book I will buy but if another set then even though,I love love this series I'll not read it. I love the build up as the book goes along, waiting for the next part, in the next book, loses it for me. Hope Fern goes back to regular formula or I know many who plan on stopping at this one also. Don't get me wrong the book is as great as her others just don't see the need of three books to tell the story, especially this last one as truly if you had not read the other two books you would have no idea what was going on. NOT a stand alone book.

Okay just finished the third book. I agree with the other comments about price and that if you had not read the other two, you would be lost. But is anyone confused as to why the Pet Food Company settled. At the beginning of this book or the end of the last one, I thought Jack stated that the group was going to split up, one to handle the Pet Food Company and one to handle the Drug Company. This book has all the characters working on the Drug Company Case. So what happened with the Pet Food Company. I hate unanswered questions in books. That is why I am giving it 3 stars.

I was really disappointed with the Men of the Sisterhood trilogy. It took all three books just to tell one story and it wasn't that great of a story that it needed 3 books to tell it. It was good to hear what the guys had been up to but wish she would have given us a more interesting plot.

I love The Men of the Sisterhood. This was the best series ever giving the men their props. I cannot wait until the Sisterhood finds out what their men have been up to. This series is comical, exciting, the food, places visited, etc. The book proves that the men can hold their own while helping their wives and not telling them they helped. I love how the storyline started off letting you know that they are human and their love for their better halves had to be tested. I am glad they stuck it out together

and cannot wait for both groups to work together as one. It's hard to put this book down but it is great to have read the books in order. Hope to hear about more cases for the Husbands of the Sisterhood.

I have enjoyed reading the first three books in The Men of the Sisterhood Books. I have read almost all of the Sisterhood Series and the characters in these books feel like family. I anxiously await the next edition so I can keep up with the lives of them as if they are sisters and brothers to me.

I have been a fan of Ms. Michaels for years, especially the Sisterhood series. Although I have enjoyed the beginning of the men of the Sisterhood series, I strongly agree with one of the previous reviewer who feels that Ms. Michaels mislead her readers by taking one story and splitting into three books. I would have rated the book higher, but since I had to buy three books to know what happened in the story, I give these books a three. It's too bad the author had to be dishonest with her loyal readers.

Just like the Sisterhood books this series about the Men just keeps getting better. As Jack would say 'he loves it when a plan comes together.'

This was typical Sisterhood action. Loved this story. The guys have learned from their women how to meet out vigilante justice. Now if they would just take these 3 little books and put them in a paperback, I could add to my collection.
