Customer Reviews

STAY SAFE CRIME MAPS, designed and published by Michael Gard is a great application to have on your Kindle, iPad, iPhone etc., for when travelling. There are digital guides and colored maps for

three dozen major cities available from the creator of Stay Safe Crime Maps, which pinpoints the most dangerous sections of these cities. In addition, the author has great advice and tips on what to do while travelling; If you attacked, If you think you are being followed, What to carry while touring, Safety tips while at your hotel and others. In every major city, there are shady places we should avoid, especially if we are not use to the city. When you're packing for a trip, you really should include these guides.~ True Crime Author, RJ Parker

the maps were hard to read, and I could not zoom in. Also, a key on each map would be good, as well as a description of each map.
