Wines Of Bordeaux: Right Bank (Guides To Wines And Top Vineyards Book 2)

Synopsis

The Intelligent Guides to Wines and Top Vineyards focus on classic wine-producing regions. This guide discusses the wines of the Right Bank of Bordeaux, including the St. Emilion, Pomerol, their satellite regions, and the C tes de Bordeaux. The guide is divided into two parts. The first part describes the region and the types of wines it produces, and the second part has detailed profiles of the leading estates. The guide is illustrated with photographs of each area, topological maps to show the terrain, road maps to identify the locations of estates, and information on recent vintages. Description of each area includes its geography, the grape varieties that are grown, how these relate to the styles of wines that are produced, wines from entry level to icons, current trends and how styles are evolving. Profiles range from major ch teaux to small ch teaux that define the cutting edge. The profiles identify the best of tradition and innovation in the region. Each estate profile describes the producer's aims for his wines, and the personality and philosophy behind them. Reference wines are suggested for each ch teau, together with essential information for planning a visit. This Guide is the indispensable means for understanding Bordeaux, tasting its wines, and finding the top ch teaux. It is updated regularly to have the latest information.
