Customer Reviews

Disappointing. These are all designs anyone can pay to download with publishing rights. Some are excellent, others almost childish artwork. The Spanish swears are an addition, mostly in text balloons. They're not very imaginative swears. Although, most English swear word books seem to be the same words and phrases all the time too. Some of them made no sense, I've never heard any Spanish speakers use some of these weird phrases. Pros are that the black background is nice, pages are heavy weight (but still use a blotter page, markers & some gel pens bleed through a little), some of them are quite cute and fun to color. I pay full price and this is not a compensated review.

While very funny to those who understand Spanish slang, some of the designs in this coloring book are very basic and boring (almost to the point of looking like a cheap tattoo design). That being said,

there are quite a few pictures that are much more detailed and beautiful. The pages are a thicker grade of paper, and the backgrounds are all black, which is a nice touch.

First off let me say how relaxing and meditative adult coloring is. Its a great way to wind down after a hectic day. Next , how fun is the Spanish swearword thing? I like to vacation in alot of Spanish speaking countries, cruises mostly. I can learn the swear words and listen for them with the other few words I know. I love this theme! I love this book! It is so funny! As a coloring book it is absolutely fantastic, beautifully designed with intricate patterns. This book will take SO many hours to finish coloring, which is exactly the way it should be. I love that behind the sugar skulls is black which makes the colors so much brighter than if it were on white. I can't wait to pull some of these pages out of the book to frame them. Even with the swear words they still look super classy and elegant. Great item to buy for yourself or as a gift for anyone, even if they don't know Spanish. I know some Spanish swear words but not all of the words and phrases in the book. I had a good laugh looking up the ones I didn't know! I received this product for free or at a discounted rate in exchange for my honest review. I reviewed this product after I received it and tested it. I have started ordering these coloring books for my Holiday gifts for my family, I personally bought one for myself then fell in love with the quality and price!!! These have a silicone feeling outer

coating on the coloring books which I love!! Its such a nice texture on the outside of a coloring book. I ordered this book for my sister as she only cusses in Spanish.. I think it will be super cute for the holidays.This swear word/ in Spanish adult coloring book , has multiple different styles of fantasy coloring pages. They are all black pages with black, grey, or white out lines for the pictures. The pages are not two sided, The front you color and the back looks like a wall paper design. Love these. They are going to be a hit for the holidays!!!! I did receive this adult coloring book at a free or discounted price for my 100 percent honest opinion of it. I am in no way affiliated with the maker or seller of this adult coloring book. I receive no monetary compensation for my reviews.

Nothing wrong with this coloring book but I have so many adult coloring books that I like better. This one has very simple pictures and all in all doesn't have enough variety or interest for me. It's just ok.

Absolutely love this book!!! It has several nice desighns and keeps me entertained for hours!

Great coloring book! I didn't read it of course and didn't realize that it was in Spanish! I'm having fun translating it so it's worth it! I have a set of pens that I'm using right now and waiting on colored pencils. Just a note the pens are not good for large spaces as this book has. Overall it's really cute and I am enjoying my time coloring!Disclaimer: I received this product at a discounted rate in exchange for my honest and fair review.I only try for products that I want or will use in order to give my best review, good or bad.
