K-Gr 1-Popular Pinkalicious and her brother visit a park, only to discover that it has become a garbage dump. The magical princess creates a wand from a stick, kisses it, and proceeds, with verse, to gradually transform clusters of debris into lovely things-birds, a castle, fancy dress, and a boat mobile. The place is finally a glorious garden, but the magic wand disappears into the wind. Pinkalicious promises that the seeds and love they have left will make the entire world

"Emeraldalicious." Kann's mixed-media illustrations are brimming with color and detail, the latter perhaps an occasional detriment. When Pinkalicious, the princess of pink, and her friend Peter visit their favorite park, they find it filled with garbage. Thankfully, her wand becomes magic, and each time the friends recite a rhyme about something they love, the wish comes true: "Buckets, bow tie, and a bone. / All this garbage makes me groan. / What I would love is a pretty throne." Six wishes later, they have turned the ugly dump into a "greentastic garden." As a follow-up to *Pinkalicious* (2006) and its three sequels, this is adequately diverting, and the mixed-media illustrations do catch the eye, especially with the dizzying amount of very specific junk strewn across the page. (Later, of course, this junk becomes hearts, flowers, etc.) Using a princess theme to tackle conservation and nature protection does not make for the smoothest of fits. That said, those already invested in our popular pink heroine might just follow the example and think green "maybe even emerald green. Grades K-2. --Julie Cummins

Not my favorite out of all the Victoria Kann books. A little disappointing.

Pinkalicious and Peter find out that their favorite park is covered in trash! They create a magic wand that helps them recycle and re-use the junk in the park. They also plant new flowers to grow. Soon the park is Emeraldicious! Why I liked this book - This is an awesome book for Earth Day! It gives the message; care for your environment and recycle! The illustrations are fabulous as with all of Ms. Kann's books. I really like *Pinkalicious*' cape, wand, and tiara that were made from flowers and plants. I really like how the story shows that you can re-use some of the "junk" lying around and make it into something great. I think everyone should do more of that. I think kids (girls AND boys - remember, Peter is there too!) 4+ would really like this book!

My whole family likes the *Pinkalicious* series of books but this one is probably my least favorite. The story is just weird- basically *Pinkalicious* and Peter play in trash and have a magic wand that makes things out of the trash and grants their wishes. My daughter likes it well enough but it's just an odd storyline to me. It's somewhat different from the rest of the *Pinkalicious* books (not in a good way).

In hindsight, I would pass on this one.

My 4 year old is a huge fan of these books and so I added this one to her collection. Just like the others, this one doesn't disappoint. The pages are colorful and full of things to look at. The story line is cute and this has become a favorite bedtime read in our home. If you have a Pinkalicious fan, I highly recommend you add this one to your collection!

I love all of the Pinkalicious books. They're so refreshing in a time when the family unit seems to be going down the drain, and kids are allowed to dress so provocative! My almost-8-year old has LOVED Pinkalicious for a couple years now (we even traveled three hours to go see the musical which she loved, too), and she has EVERY book, but this most recent delivery (not Emeraldalistic) she didn't have interest in reading for a few days. I really hope she isn't outgrowing Pinkalicious...I will continue to pre-order all of the upcoming books until I know for sure.

I was rather disappointed by this book. The others in the series have very cohesive stories that my daughter LOVES! This one seemed to try to hard to have a lesson.

The Pinkalicious series is one of my daughters' favorites. This new book does not disappoint. The pictures are gorgeous as always and the story is simple yet fun with a lesson about taking care of the Earth tucked in, too.

Very nice,
