Customer Reviews

After reading this, I attempted my 1st batch of bombs. Much to my surprise, they were PERFECT ! I'm fairly sure it was because of the warnings of various things like not to use too much water/moisture, how to tell when the bombs have enough moisture and such.My 3rd batch look & smell Heavenly. But I've yet to figure out how to put 2 part molds together, I'll review that chapter next, when this is posted, but my half circles look beautiful anyways.I'm very Very VERY happy to

have gotten this book. I do have quite a few books on bath products & I almost never leave reviews for books, unless I'm extremely impressed by them. I WILL be looking for this author - I hope she's got some or will have some soon - again something that's VERY rare for me. But I READ on average 3-7 full length novels a day- each and every day. So remembering an author's name is just something I rarely bother doing.

I really enjoyed this book. Answered lots of questions and the tips were extremely helpful. Thank you so much for sharing.

Love this book. I have made many of the recipes and they've turned out great! For the money it was well worth it!

Its awesome and now I can make more stylish bath bombs for all my bath bomb girls that come to my shop in New Zealand. They are all very happy with our new edition of bath bombs which was inspired mainly by your book. Cheers.

this is an amazing book

I like the simple and easy to read instructions. Great for anyone who looking for easy recipes. Describes very well steps to take.

I was hoping for a bigger variety on the recipes, so many were very similar. But it was a start.

Very good reference & has excellent recipes & technique tips.
