Customer Reviews

This one of the best series I have ever read. Mind blowing characters that suck you in and entertain you throughout each of the three stories. Danger, family that's not always blood related, love, hot romance, magic, friendships, action and adventure that make you want the stories to go on and on. This would be the coolest TV series!!

This was a great paranormal that is full of active, suspense, twists, turns and yes, a little sexy passion. Even if para normals aren't your usual thing, you will enjoy this book one of the series. Well written and easy to read. IMO, You will enjoy this book and want to continue with the series

I would recommend this book to anyone. I don't remember reading a book that covers every spectrum of emotions. I laughed, felt remorse, and cried for the atrocities done to so many innocent and the children who will never be. Annie I don't know where you get it but keep doing it.

I loved loved this series!!! I miss it so much! It has so much emotion, feelings, powerful love, sadness, grab a tissue, and even some humor moments. It grabs you from the beginning and doesn't let go. I can't express how much I love this series.

This series is definitely worth giving a try. I got the first book when it was on sale thinking what could it be to give it a try. I ended up really liking it and bought the rest of the series right away. I can't wait for more! :)

This is a good paranormal novel. It catches your full attention and holds it. I thoroughly enjoyed reading it and recommend that you read it. It opens up a whole new world of paranormals.

I love this story. I finished in one sitting and tried to find more. Seriously do yourself a favor and check this out. Especially if you love any type of mythical creature stories.

Not what I expected. Full of plot twists and intrigue, definitely a page turner. I can't wait to see what happens next.
